Business Overview

The name **Levante** is derived from Spanish, meaning "to rise," reflecting the resurgence of the spa industry following a two-year closure due to the COVID-19 pandemic.

Levante Spa & Wellness is dedicated not only to providing relaxation and rejuvenation in Indonesia's major cities but also to offering holistic healing therapies for the body, mind, and soul. Established in 2010, we leverage our extensive experience in managing spas within international hotels and apartments to deliver an exceptional spa experience that integrates traditional techniques with modern approaches aimed at achieving holistic health balance.

Our serene atmosphere across all **Levante Spa & Wellness** locations, along with professional services and personalized treatments, underscores our commitment to assisting clients in attaining balance, tranquility, and relaxation.
